Hey little sister
Let's get together and cry
They teach us how to wig 'em
But they won't tell us why

Lay out naked in a sunny L.A.
The first ones to sizzle on the Judgment Day
I said, "Hey little sister
Let's get together and cry"

The world says I need some help
I'm floatin' on a big white cloud
I guess you'd say I'm not myself
Somebody called it 'All shook out'

Sinner, sins, asylum
I'm gonna show you the light
Well, I am tomorrow
You better get that right, oh yeah

We'll all be together when we dig that hole
You ain't seen nothin' like my eager soul
I said, "Children of the atom
I'm gonna set you right, oh yeah"

The world says I need some help
I'm floatin' on a big white cloud
I guess you'd say I'm not myself
Somebody called it 'All shook out'

Hey little sister
Let's get together and cry
A little slap and tickle
We'll find the reason why
Yeah, yeah, yeah, yeah

I'm writin' history with the back of my hand
Just like your daddy did in Vietnam
I said, "Children of the atom
Let's get together and die"
Yeah, yeah, yeah, yeah

The future whispered in my ear
Said, "Go ahead and have some fun
'Cause suckers givin' up their souls
It's gravy for the gods and punks"

The world says I need some help
I'm floatin' on a big white cloud
I guess you'd say I'm not myself
Somebody called it 'All shook out'

Somebody called it 'All shook out'
Somebody called it 'All shook out'
Somebody called it 'All shook out'
