Back in the day I was paying for sleep
And I, I couldn't get much ground
I was eating black planets whole
And I didn't hear that sound

Because of what I did and who I am
Because I love it, God damn true
I put my head on the atomic pile
And I, I did it all for you, yeah

Oh, baby, babe, I think I lost my mind, now
Well, I've been cryogenic for a long, long time

Bored for a thousand years
You gotta get me out of here
I don't want to rape the world today, yeah

Use all your filthy words
The greatest sound I've ever heard
Keeps my heart and soul so blown away

Doin' the space rock voodoo burn
Give me your naked show
When they pulled me out of my plane crash
I told them I was ready to go

Well, I'm a pumped out freak on a big wheel
And I'm crossing a frontier of lies
For you, baby, for you, baby
Just a crawl inside your mind

Oh, baby, babe, I think I lost my mind, now
Well, I've been cryogenic for a long, long time

Bored for a thousand years
You gotta get me out of here
I don't want to love the world today

Use all those filthy words
The greatest sound I've ever heard
Keeps my heart and soul so blown away
Oh, yeah

Get me out, get me out
Get me out, get me out
Get me out, get me out
Get me out, get me out

Get me out, get me out
Get me out, get me out
Get me out, get me out
Get me out, get me out

When they pulled me out of the plane crash
I told you I was ready to go
Yeah, we're doing that space rock voodoo burn
And we're doing your naked show

Well, I'm a lonely man in a hole
But I cross that frontier of lies
For you, baby, for you, babe
Just let me crawl inside your mind

Bored for a thousand years
You gotta get me out of here
I don't want to rape the world today

Use all those filthy words
The greatest sound I've ever heard
Keeps my heart and soul so blown away
Yeah, oh
