Firing my friend
But I come back again and again
I just can't pretend
One more step and I'll start to bend

You try and live and God says no

We go on our way
Just waiting for that lucky day
I tried every way
Just so that God can blow me away, yeah

I need some love to start the show
But ask just once and God says no

A lotta dust right through my head
Scary thoughts like wishing we were dead
You won't get caught if you don't get queer
And you'll be ready for a new frontier

It's good to be bad
It's the best time you'll ever have
What the hell is this ultra-sad?
Pray for your cool and work on that ass, yes

You learn too much, you'll never know
Just start to laugh and God says no

A point of life right through my head
A scary thought like I was someone else
And don't get lost now, show no fear
And you'll be ready for a new frontier

A lotta dust right through my head
Scary thoughts like wishing we were dead
You won't get caught if you don't get queer
And you'll be ready for a new frontier

For a new frontier
For a new frontier
For a new frontier
