Welcome to the grand adventure
You'll want it fast but you'll take it slow
Welcome to the cave of sorrow
That every other one knows

I understand you want some answers
So you're casting out the line
Gotta tell you that being truthful
Takes up too much of my time

Always have the best hallucinations, baby
Cobras and fire, cobras and fire

You could raise the setting sun
You're naked number one
I've never loved a dirty omen quite like you

Yeah, we can worship on the worm
Or crash the car and burn
I'm pretty sure we'll get what we deserve

Always have the best hallucinations, baby
Cobras and fire
Shake your thing in horny celebration
Honk if you love my lies

Come on

She's got her fuel pump, she's got her razor wire
She's got me running like a three-legged dog
She's got her space rock she's got her holy war
The mule is biting on my nipple all day

I'm like the last boy in the acid bath
I feel my mind just slipping away
She got her space rock and her holy war
The mule is fighting at my nipple all day

Always have the best hallucinations, baby
Cobras and fire, cobras and fire
Shake your thing in horny celebration
Honk if you love my lies
