Judy walking down the highway  
You're coming into your home  
As you drown in your pool of madness  
You're never gonna be alone  
That's why I'm here, in here

Look up child, and love your savior  
The scorpion's in my eyes  
It's time to strip our souls naked  
The freedom of all disguise

When you take me aside  
To become an immortal  
The warmths of the flesh now  
Are gonna set you free

You'll swim in the sweat of a million orgies  
You'll live in the fire of a sweetest hell  
And bear your soul to the rays of a mortal sun  
Give your lips to the kiss of the scorpion

I ain't the Creator and I ain't Satan  
I come from another place  
And trust with me your fingers, baby  
There's eternity on my face

This world ain't big enough  
For your questions  
I deal with the stars now  
Just to get you right

It's time you sucked  
The cock of the Fire God

You'll swim in the sweat of a million orgies  
You'll live in the fire of a sweetest hell  
When you bear your soul to the rays of a mortal sun  
And give your lips to the kiss of the scorpion

You'll swim in the sweat of a million orgies  
You'll live in the fire of a sweetest hell  
Bear your soul to the rays of a mortal sun

But give your lips to the kiss of the scorpion

The scorpion

The scorpion

The scorpion
