Corporation bigwigs

A keep us alive boy

But baby you can't hide  
You can try to run

Go ahead and you jerk off

Your bitches with a Samsung

Modern life is a eating you alive

So keep a blast of love and napalm

Rollin' through your head

Watch the tube enough

To freak you, before you

Go to bed

I never had the nerve

To love you, I couldn't  
Find my way

Now I've got the chops to nail you

On radiation day

Come on out and play  
Ain't no time to waste  
They got a pill that'll guarantee

You a hard one  
They got a box where can

Can always play

So don't strain your brain now

Brother, your mammy's back in town

Just drink her milk and it'll be O.K.

I got a blast of love and napalm  
Rollin' through my head

Watch the tube enough

To freak you, before you

Go to bed  
I never had the nerve

To love you, I couldn't  
Find my way

Now I've got the chops to nail you

On radiation day

Come on out and play  
Ain't now time to waste

Give yourself away

Radiation day
