I just had to get nice last night
My mind is so free
You wouldn't believe, you wouldn't believe

I just had to gas a pig last night
My mind is so full, you wouldn't believe
You wouldn't believe

Nature's got a way, brothers
Of scrapin' the bowl
Eye of the hurricane

I sold a hundred hits to a hundred heads
That will never come back
You know what I mean
Peace is what you get from a chemical king, yeah, yeah

You don't yank on the spine of God
You get what you give
You know what I mean
Don't be surprised there's a bug in your eye

There ain't no pioneers
I just smoke what I like
From what's already there

Sadie Atkins
She's just a withered old hag now
Unreachable, unfuckable

So ride me, baby in my bed of sweat and truth
And babble and groan words of praise and love
And fry like a pig in the heart of the sun

A hundred hits
That will never come back
You know what I mean
Peace is what you get from the chemical king, yeah,
yeah

You don't yank on the spine of God
You get what you give, you know what I mean

Don't be surprised there's a bug in your eye
You get what you give, you know what I mean

Why don't you see it for what it is
A fuckin' freak show?
If you take a lot it will kill you

The center of the Universe
The center of the Universe
I love everyone
I love everyone
Yeah, everyone
I love everyone
