When the flood comes, I ain't gonna drown,
I'm goin' on a mission, I'm goin' on a mission,
When the world burns.. I ain't gonna die,
It's okay... it's okay.

Hallelujah brothers - hallelujah girls!
Dancing in the fire with your flap jacks set on stun,
Press the button, baby,
Watch that bacon fry!
That's the way - that's the way,
Just the notion gets me off, uh-huh-huh,
One more disaster and I'm gone - gone.

When the planes fall from the sky, you'll understand,
When the ocean turns to flame, you'll understand,
When you watch my baby move you'll wanna take her
hand,

When Galactus eats your meds, you'll fucking
understand.

I can feel you coming from a million miles away,
You're cursing your libido - come the judgement day,
Move, you little monkey, shake it for me more,
I can give you five before I shut my bedroom door.

When the planes fall from the sky, you'll understand,
When the ocean turns to flame you'll understand,
When you watch my baby move you'll want to take her
hand,
When Galactus eats your meds you'll fucking
understand.
(Fucking understand, fucking understand, oh,
understand.)
