My heart is so offbeat
and I still can't catch my breath
I'm having trouble breathing
feels like cardiac arrest
We still can't stop bleeding
but I'm sure you know the rest
Blew all I had on your 8 years
and know there's nothing left
Because you're
So terrible
You're so Terrible
Just Terrible
So terrible
You're so Terrible
Just Terrible
Doctor I was still awake
I seen what you didn't do
I'm still losing my blood
I shouldn't have come
Because you're
So terrible
You're so Terrible
Just Terrible
So terrible
You're so Terrible
Just Terrible
