I can think of a thousand reasons
You could say bye bye I'm leaving
And baby girl I could never blame ya
If you walked off, see you later
And I know that I haven't been perfect
When the truth is you're more than worth it
Even I recognize I blew it
girl I don't know how you do it

You keep bringing me love, you keep bringing me love
Love, love, love
No matter what I do
you keep bringing me love, you keep bringing me love
Love, love, love

I can hear what your friends are saying
There's no way girl he ain't changing
I ain't saying that they're all wrong
But I'm glad that you feel I'm the one you want

And I get caught up sometimes in my work
my phone, my friends, my music
I know most girls would lose it
Still don't know how you do it

You keep bringing me love, you keep bringing me love
Love, love, love
Said you keep bringing me love
you keep bringing me love, you keep bringing me love
Love, love, love

And girl I wonder if I still deserve it
The way I hurt ya
The way I do you sometimes
And I don't know what it was
but I must have done something right
for you to be here and to want me in your life, babygirl

You keep bringing me love, you keep bringing me love
Love, love, love
But you keep bringing me baby
You keep bringing me love, you keep bringing me love

Love, love, love

I don't understand it baby
But you keep bringing me love, you keep bringing me
love
I don't deserve it baby
love, love, love
Still I must have done something right
you keep bringing me love
you keep bringing me love
You keep bringing me love
love, love, love

I don't know what I did, but I must have been right
I don't know what I did, but I must have been right
