Your energy has got my on a permanent high
We got that synergy going like the U and the I
It's like a spiritual seduction, I'm a caught in your trip
And I like it

There ain't no turning away from the shock waves that
you send me
They're almost like an A-Bomb and I cannot defend me
There ain't no turning away from the mind trap that you
set for me
And I don't think I want to be saved

Your mind is like a body, it's dirty and it's fresh
When you put your thoughts on me
I'm always so impressed
And I get delirious, you're so mysterious
When you get your savvy, get your savvy, get your
savvy on

Your intellect puts me at the top of my game
baby your every single word makes all other women
lame
you're so attractive when you talk girl
you make me wanna have it all girl

There ain't no turning away from the shock waves that
you send me
Cause they're almost like an A-Bomb and I cannot
defend me
There ain't no turning away from the mind trap that you
set for me
And I don't think I want to be saved

Your mind is like a body, it's dirty and it's fresh
When you put your thoughts on me
I'm always so impressed
And I get delirious, you're so mysterious
When you get your savvy, get your savvy, get your
savvy on

Your thoughts stimulate like the touch of the hand
your every brain wave makes my every hair stand up

your every question's like a stroke down my body

There ain't no turning away from the shock waves that
you send me

Cause they're almost like an A-Bomb and I cannot
defend me

There ain't no turning away from the mind trap that you
set for me

Your mind is like a body, it's dirty and it's fresh

When you put your thoughts on me

I'm always so impressed

And I get delirious, you're so mysterious

When you get your savvy, get your savvy, get your
savvy on
