Ever since we've been together girl you and I were
blinded
Girl it's time to go ahead with things got to get behind
it ahahhh

Baby sex is something that you feel long before you
have it (ahh yeah yo)
Every single opportunity girl we got to grab it (ahhh
grab it now)
Oh grab it now

Let's go look behind that door
We don't have to wait no more

Ain't a lot of wrong in waiting around
But we gotta put some use to the love that we found
Baby we've been holding back for so long
By the time we get it down it's going to be strong

We just got to go there go there
Yeah we got to go there go there
Mmmm we got to go there go there, heyyyy

Ow, I can see you need it now you don't have to fake it,
don't fake it now (don't fake it baby)
If you want it you can get it girl
You just got to take it just take it now, mmmm
One and one and one is three
Oh baby won't you get with me

Ain't a lot of wrong in waiting around
But we gotta put some use to the love that we found
Baby we've been holding back for so long
By the time we get it down it's going to be strong

We just got to go there go there
Girl we got to go there go there
Yeah we got to go there go there
Mmm got to go there go there
Yeah got to go there go there
Awww we got to go there go there
Hey we got to go there go there

Mmmmm

Sing it one more time with me y'all, yeahh
