Lay your head down
on my shoulder
everything will be alright
Lay your body down girl
cry till it's over
everything will be alright

I know it feels like the first of December
I know that it can get so cold
Even though it's hard you gotta try to remember
you always got someone to hold on to

Lay your head down
on my shoulder
everything will be alright
lay your body down girl
cry till it's over
everything will be alright

Times are bad and days are long
but somewhere light shines through the clouds
And I get visions of you dancing to this song
with a smile on your face and nothing to worry about

Lay your head down
on my shoulder
everything will be alright
lay your body down girl
cry till it's over
everything will be alright

Lay your head down
on my shoulder
everything will be alright
lay your body down girl
cry till it's over
everything will be alright
know that everything will be alright

Lay your head down
on my shoulder
everything will be alright

lay your body down girl
cry till it's over
everything will be alright

It'll be alright
it'll be alright'
You will be alright baby
you'll be fine darling
be alright...
