Whipe the dust of of this smile, baby for a little while,
just forget about your sorrows,
Get your back of of the wall, leave your troubles in the
hall,
and they can wait untill tomorrow
Let's play some plastic money, and get it on

We've got no money, but we've got time
Tonight we party, from nine till nine
Let's get it popped, and have some fun
No we ain't stoppin' till we are done
We don't need to be rich, to be romantic,
We don't need to be rich, to be romantic
We don't need to be rich, to be romantic
We don't need to be rich, to be romantic

We need to elevate our minds, specially in these
troubled times,
and there's a natural way to get there
We got a ? to get us high, a kid to make us feel alive,
and we can feel this way forever
Let's play some Micheal Jackson, i can't get enough
We've got no money, but we've got time
Tonight we party, from nine till nine
Let's get it popped, and have some fun
No we ain't stoppin' till we are done
And tomorrowâ€¦ wellâ€¦ we'll see about tomorrow
again.
See all that we've got goin' on, this going on right now.
And tomorrowâ€¦ wellâ€¦ we'll worry about tomorrow
again.
But tonight, our feature's bright, we're allright!
We've got no money, but we've got time
Tonight we party, from nine till nine
Let's get it popped, and have some fun
No we ain't stoppin' till we are done
