I see her face and I'm done
Brightens my day's like the sun
I feel refined there's no doubt in my mind
She's the one, she is the one, she is the one

She holds my heart in her hand (in her hand, in her hand)
Strong yet so frail like a castle of sand
Can't be more sure that this love will endure
She's the one, she is the one, she is the one, she's the one

Whom I love endlessly
She can depend on me
Oh anything she needs
I'm gonna give her
She's the one, she's the one, she's the one

I hear her name and I'm lost (and I'm lost, and I'm lost)
All things of love that my mind comes across
No PI no maths there's no questions to ask
She's the one, she is the one, she is the one, she's the one

Whom I love endlessly
She can depend on me
Oh anything she needs
I'm gonna give her
She's the one, she's the one, she's the one

I don't care how it's gonna be
As long as I'm with her and she's with me
I wish no more I think I finally understand
What it means to be at ease

Ow
She feels so good
Yeah babe

She's the one, she is the one, she is the one, she's the one
Whom I love endlessly

She can depend on me
Oh anything she needs
I'm gonna give her
She's the one, yeah the one, is she
She's the one, she's the one, she's the one
