Is it just me or am I stuck in a place
floating 'round in outer space
putting out a signal of distress

Is it just me, or is there no one around
Brave enough to fly on down
Didn't anybody get my S.O.S?

Is there anybody out there who can hear me?
Is there anybody out there who can hear me?
Is there anyone who's open-minded near me?
Said is there anybody out there at all?

I got no baggage no carry-on
Beam me up and bring me home
I know I must be one of your kind
'Cause I found love and then I lost it again
A human being, alien
Who cannot find its place in space and time

Is there anybody out there who can hear me?
Is there anybody out there who can hear me? (tell me is
there anybody)
Is there anyone who's open-minded near me?
Is there even anybody out there at all?

Is there anybody out there who can hear me?
Is there anybody out there who can hear me?
Is there anyone who's open-minded near me?
Anybody out there at all?

Is there anybody out there who can hear me?
Is there anybody out there who can hear me?
Is there anyone who's open-minded near me?
Is there even anybody out there at all?

Come and take me yeah
I'm an alien
hoo hooo
Take me away

I'm a human alien

said I'm a human alien
yes I am
Human alien, alien, alien...
