The only reason that I'm bringing this up
Is 'cause I think you don't even know it
Maybe somewhere along the way you forgot
How to carry it or how to show it

And I don't mind for a second reminding you
Of every bit of gold you're made of
God given beauty
Naturally looking like a superstar wearing makeup

Oh, it's the woman inside you girl
Who you should always rely on
Oh cause that woman inside you girl
Is hot, fierce, full and dangerous like fire

Funny how it's kind of a thing
That you can never really see what I see
And let me tell you girl you better believe it
You're so perfect to me
And all I wanna do is remind you girl
Of every bit of shine around ya
Oh God given beauty
Inside, outside I'm so glad I found you

Oh, it's the woman inside you girl
Who you should always rely on
Oh cause that woman inside you girl
Is hot, fierce, full and dangerous like fire

Elzhi (still missing)

You got a make it so you know
what you're worth baby
You know what you're worth baby
You know what you're worth baby
You know that everything's good about you
you gotta know that the universe has meant for every
woman to shine like a star
and if you ever even doubt for a second baby
Then look how bright you are
Alright

Oh, it's the woman inside you girl
Who you should always rely on
Oh cause that woman inside you girl
Is hot, fierce, full and dangerous like fire
