Everytime I fall

Living and dying
Questions and answers
Now im trying
To climb
All these lies

I want to search you
I want to feel you

My tears are near
My eyes are red
I don't wanna see u again
Everytime I fall
Is because of you
And all that I see is this pain

All this desires
Turning to ashes
Circles surrounding
Stuck in me

Everytime I fall
Is because of you
And all the lies you said to me
I just want you to see
Thru my eyes
What u made me feel?
It's unright
