Parasite

Wish I knew the truth  
But all I know is what I read  
Wishes can be untrue  
But this parasite has gone thru  
It breaks me down to see this damage  
All I know is what I hear

You know who you are  
Nobody knows  
You know who you are  
Only yourself

But I, I still believe  
It can be solve some other way  
But even though

The slow beat of a drowning skill  
It breaks me down again  
And trying to be free  
But the time will tell the truth  
And all the lies will fade away  
Instantly fade away

You, you only trusted to be yourself  
To be yourself  
You, you only trusted to be yourself  
To be yourself  
To be yourself  
To be myself
