Bright eyes skunkgirl fitting
on your room of bodies
starting with your figure
on your own show killing

What do you stand for on the bright side
Where do you get all this accents

Distance that I try
u make me wanna to cry
my believes in you makes me wonder
only right now u could see what its like
feeling it now inside
no matter the cause u really dont care
staying a side

Roughneck spins your head
have good timming while
I will pull the trigger
love will make it up

Bright eyes skunkgirl fitting
on your room of bodies
starting with your figure
on your own show killing

What do you stand for on the bright side
Where do you get all this accents

Distance that i try
u make me wanna to cry
my believes in you makes me wonder
only right now u could see what its like
feeling it now inside
no matter the cause u really dont care
staying

A few things left to ponder
A sinner on the yard you sit and wonder why 2 x
(wonder why)

Nothing more than u think

behind your eyes
theres something your hiding
u dont wanna tell me

Distance that i try
u make me wanna to cry
my believes in you makes me wonder
only right now u could see what its like
feeling it now inside
no matter the cause u really dont care
staying a side
