The Drama

Like Rain Falling From the Sky  
Fighting Till Today  
Sadness Overcomes  
What Reality Made Me Done  
Waiting For The Time  
To Cure My Emotions  
The Tears Falling  
From My Eyes

It's So Dramatic You Left Me  
All Static Inside  
Are You the Person Who Looks When Need Some  
Are You the Type Or The Unwanted?  
Maybe You Didn't Decide  
Now You're Getting Some Kind Of Reaction

I'll Find A Way To Make You  
Understand Once Things Are  
Dead There Not Coming Back  
To The Point  
When Everything Is  
Colorful Bright  
There's No Blue And Red  
After Life

And I'll Be Here  
To See You Fall  
And My Goodbye  
It's At Your Door
