Dear God,
I'm tryin' hard to reach you
Dear God,
I see your face in all I do
Sometimes, it's so hard to believe in
But God,
I know you have your reasons

Dear God,
I see you move the mountains
Dear God,
I see you move the trees
Sometimes, it's nothing to believe in no
Sometimes, it's everything I see

We'll I've thinkin' about
And I've been breakin' a doubt
Without an answer
I know I'm thinking aloud
But if your love is still around
Why do we suffer?
Why do we suffer?

Dear God,
I wish that I could touch you
How strange, sometimes I feel I almost do
And then, I'm back behind the glass again
Oh God,
What keeps you out it keeps me in

We'll I've been thinkin' about
And I've been breakin' a doubt
Without an answer
I know I'm thinking aloud
But if your love is still around
Why do we suffer?
Why do we suffer?
