Life got me into trouble  
And it's up to me  
To get me out again

Why am I always diving in too deep,  
Right into the shallow end

Ooh, ooh  
It's a risk I have to take (x2)

You see the wigs I wear  
The colored hair  
The faces I present to you

It's true  
I'm a diamond in the dust  
A dime a dozen  
Hard to trust me

Ooh, ooh  
It's a risk you have to take (x2)

(Break)

So I roll the dice  
Sometimes, not so nice  
And I roll the dice  
I'm sticking around  
For the good times

We're on a rollercoaster ride  
We're flying high  
We're in the last car

We're holding tight  
With all our might  
We won't let go  
We're underneath the stars

Ooh, ooh  
It's a trip we have to take (x2)

Love has a funny way of laughing  
When things happen  
And you're not so satisfied

Of all the things I've tried  
My favorite is the flavour  
Of love

Ooh, ooh  
It's a love we have to make (x2)

So I roll the dice  
Sometimes, not so nice  
And I roll the dice  
I'm sticking around  
For the good times
