You walked the ocean
You crossed the sea
Sands of the desert
Sands beneath your feet
They wanna put ya back down
They wanna put ya back down now
They wanna put ya back down
They're not gonna let you through

Time turns to hours
Days into weeks
Stars seem to guide him
Into the east

They wanna put ya back down now
They wanna put ya back down
They wanna put ya back down now babe
They're not gonna let you through
well, They wanna put ya back down now babe
They wanna get rid of you
They wanna put ya back down, now babe
They're not gonna let you through

Did you leave anyone
Your mother must be missin' her son
Is anybody waitin' for you?
Or is this somethin' new?

Live without money
Live without home
Die without water
Slowly, lost I

well,
They wanna put ya back down now babe
They wanna put ya back down
They wanna put ya back down now babe
They're not gonna let you through
They wanna put ya back down now babe
They wanna get rid of you
They wanna put ya back down now babe

They're not gonna let you through
They wanna put ya back down
They wanna put ya back down now
They wanna put ya back down
They wanna put ya back gotta put you back
They wanna put ya back down
They wanna put ya back down
Get rid of you
