Ain't no fun, having no one  
I'm so gone ain't never coming back  
I cramp my style, I can't find my mind  
A piece of me just fell off the tracks

Got stuck one night, on the run,  
It came to me like a loaded gun  
I got scared of my shadow,  
Don't want to hide from the fear no more... no

I fall down, no one to pick me up  
No one to pick me up

I thank you God for hearing me,  
One rainy night I was on my knees  
You sent the girl of my dreams,  
And I'm the one for her it seems

Let the rain come down on me,  
Let the rain come down on you too.  
Let the rain come down on me,  
Let the rain come down on you too.

I fall down, no one to pick me up  
I fall down, now the rain pounds down on me  
The rain pounds down on me  
yeah... yeah

It was so hard but now it's plain to see  
At long last, I found the woman of my dreams  
Let the rain...

I've seen war live through my pain,  
Saved my life from a bitter end  
I can't find my shadow  
Ain't gonna hide from that fear no more

I let the rain come down on me,  
Let the rain come down on you too.  
Let the rain come down on me,  
Let the rain come down on you too.
