When I first saw you baby  
Yeah you were gone  
So far gone  
The scene was set for armageddon  
And your grip on me was strong

If you saw me yesterday  
You wouldn't recognize my face  
If you saw me yesterday  
Yeah you might've ran away

Sister uptown,  
You're a metaphor for all life's grief and pain  
Brother downtown  
Such a devil, make a snake out of any man

If you saw me yesterday  
You wouldn't recognize my face  
If you saw me yesterday

Don't feel like crawlin' out of my cage  
I used to say  
Another lame song and dance  
About a thing from my past  
I hope it's not boring you  
In the end I lost a few friends  
But I got up, I got up  
And I ran away

Drugs party in 526 is where I got my kicks  
But where are they today?  
Dead and gone, the damage is done  
I got nothin' else to say

If you saw me yesterday  
You wouldn't recognize my face  
If you saw me yesterday  
Yeah you might've ran away  
If you saw me yesterday  
Yeah you might've ran away
