You broke down my walls
You burnt all my bridges
You played with my mind
You re-opened the stitches

You got blood on your hands
There's blood in your kisses
I hate this so much
Now sleep with the fishes

You sold it all for the price of a kiss
You got rid of friendship and love
You're so selfish
You sold it all for the price of a kiss
You sold it all for the price of a kiss

I think you should know
The pain it's been causing
It seeps through my veins
And attacks without warning

I was in the next room
While you were debauching
I hate this so much
Don't lie and be boring

You sold this all for the price of a kiss
You got rid of friendship and love
You're so selfish
You sold it all for the price of a kiss
You sold it all for the price

(guitar solo)

You sold it all for the price of a kiss
You got rid of friendship and love
You're so selfish
You sold it all for the price of a kiss
You sold it all for the price of a kiss
