(music: Dark Embrace, lyrics: Oscar Asunder)

Scourges through the endless pain is what thy mind
preached for years.

A gift of torture from a labour of love. Loather in your
black eyes full of blood.

Your love in vain had been sodomized for years in a
constant decay of our libertine race.

In the shadows of our lives. A sigh despites the
Christian lies.

Unholy rites of darkness is our way of life. Storms of
pleasure every night.

We are making war against Christendom. We are the
threat of flesh in the altar.

Church are violated by our libidinous thoughts and
deeds.

The tongue of darkness penetrated you and then you
whimpered and cried forever in our bloody lives.

A dead poem is what I see when I look at your carnal
pleasures.

Poetry from the past is the meaning of your present life
full of lust.

In the shadows of our lives. A sigh despites the
Christian lies.

Unholy rites of darkness is our way of life. Storms of
pleasure every night.

We are making war against Christendom. We are the
threat of flesh in the altar.

Church are violated by our libidinous thoughts and
deeds.

We have been sinning against god and his stupid
lambs.

A crescendo of sins and pleasure is what we became
and what you had wished.

Scourges through the endless pain is what thy mind
preached for years.

A gift of torture from a labour of love. Loather in your
black eyes full of blood.

Your love in vain had been sodomized for years in a
constant decay of our libertine race.

In the shadows of our lives. A sigh despites the

Christian lies.
Unholy rites of darkness is our way of life. Storms of
pleasure every night.
We are making war against Christendom. We are the
threat of flesh in the altar.
Church are violated by our libidinous thoughts and
deeds.
