Within the bounds of this world
A legion of hate, observing it's prey
Preaching its word,
Offering strength to those that relate,
Engulfed in the black
The rage in their souls wait to attack
Killing the child
The son of God shall burn

Crucifiers
At one with the dark
Defying the words of the world
At one with their rage
Their numbers increase
Awaiting the lights judgment day,
Exposing those who are opposed to the blade
The blood of the lamb spilled anointing the face
Screaming their words demanding moral decay
Taken by force in darkness they find their way

Wage the war on life
Suffocation of those who inhabit the light
And crucify the worshipers
So they may die the same as their God
Their screams in vain ring in my ears
Caressing my soul with their fears
Devourment consuming the blood
Their bodies are left for their God

Incinerate the enemy's flesh,
Melted away by the burning force of the rage
Which we possess
Growing inside the hatred, disgust and detest
To be released on those who oppose
Resist or try to defeat

The quest were on
The strength of our numbers
Completely devouring all
Defying the light
Burning inside
No escaping the dark
Destiny calls
Exposing those who are opposed to the blade,
The blood of the lamb spilled anointing the face
Screaming their words demanding moral decay,
Taken by force in darkness they find their way
