[Lyrics: L. Harrison; music: Monstrosity]

A dark envision [duh, it's a verb, not a noun!]  
surrounds the mind  
Grasping for the souls of dead  
The undead come trudging up  
Engulfing evil in your head

A sacrilegious [misspelled as "sacreligious" in CD liner  
notes] action burns  
Inside  
This chant of death now seeps  
Through your eyes  
A blackened charr ["char" is a verb, not a noun; "charr"  
is a kind of fish]  
Enraptures blood

Awaking cries  
Of unconscious souls  
Petrified to arise  
Sifting ashes  
Of the funeral of life  
To compel the final  
Cremation of the skies [misspelled as "skys" in CD liner  
notes]

The fire burns through every corpse

Resurrected shell of death  
Revitalized core of dust  
Altered for the last of days  
And propelled to liquidate

An unearthly sense dwells within my head  
Drifting through the walls of time  
The oracle of insanity  
Must destroy this wasted ball of mass

Awaking cries  
Of unconscious souls  
Petrified to arise  
Sifting ashes

Of the funeral of life  
To compel the final  
Cremation of the skies [misspelled as "skys" in CD liner  
notes]
