Rising from the depths of creation  
Timeless with rage and wrath infernal.  
A god with no form to man  
Lies dormant observing generations of existence,  
Dormant awaiting the time.  
To rise upon the wind of fire  
Devours all flesh and bone  
In supreme shapeless domination.

In this landscape of burning life  
Those who suffer the wrath  
Dissolve and become one  
With the body of the beast infernal.  
Destruction  
In burning ashes  
Blacken the sky with your fury.  
A burning rage illuminates  
And erupts to darken the light of the sun.  
burning flesh permeates  
And death screaming on searing winds,  
Infernal prophecy, realized  
In this prelude to incineration.

Deep below the ground it lives  
Now it awakes to feed on the flesh of a nation  
Caressed by the touch of fire.  
And exists to awake  
It awakes to destroy itself.  
Forced to yield to its power  
Its form adapting to that of its prey,  
Its hunger never in itself creation  
Cleansing the face of the earth.  
With the wrath of the earth itself  
All life burned alive,  
Regeneration through incineration.

In this landscape of burning life  
Those who suffer the wrath  
Dissolve and become one  
With the body of the beast infernal.  
Destruction  
In burning ashes

Blacken the sky with your fury.  
A burning rage illuminates  
And erupts to darken the light of the sun.  
burning flesh permeates  
And death screaming on searing winds,  
Infernal prophecy, realized  
In this prelude to incineration.

Deep below the ground it lives  
Now it awakes to feed on the flesh of a nation.  
Caressed by the touch of fire  
And exists to awake;  
It awakens to destroy itself.
