Desperation keeps the quest alive  
storm winds soon whip as the calmness dies  
Breath filled with the grit of sand  
Torrents of fury rape the land  
From the phantom fear I step out  
I rip from your soul all that's been  
And all you know  
Dreams of your promised land  
Burning as the wind descends  
From the phantom fear I step out  
I rip from your soul all that's been  
And all you know

Torrents of fury!

Falling down you reach for me  
I'll no longer relax  
Raining down the furies within the grasp of life  
You will never come back!

We flow with nightfall  
Approaching the dismayant flash  
The walls of life are broken  
And are never ever coming back  
The night filled with aural distortion  
The sky is turning vicious black  
Your memories of life are fading  
They sink into the depths of all eternity

Venting fury now released  
Against your will I will command  
The blade of vengeance tearing  
Your lifeline is in my hand

Torrents of Fury!!!

Desperation keeps the quest alive  
storm winds soon whip as the calmness dies  
Breath filled with the grit of sand  
Torrents of fury rape the land  
From the phantom fear I step out  
I rip from your soul all that's been

And all you know  
Dreams of your promised land  
Burning as the wind descends  
From the phantom fear I step out

We flow with nightfall  
Approaching the dismayant flash  
The walls of life are broken  
And are never ever coming back  
Your memories of life are fading  
They sink into the depths of all eternity
