[#1] Ageless hands of a wicked race
Malicious fury of hell forged hate
Clawing with rage out from below
Uprising realms of sickness grows

Mocking our doomed existence

Surrender to visions of a hopeless future
Prophecies foretell the end of time
Alliance of poisoning hate deployed
Implications of a dream that died
Visions Of Violence

From the wastelands of a mind gone mad

Foreboding dreams of a world to come

Chaotic visions now known to be
haunting images of destiny
Ageless hands of a wicked race
Malicious fury of hell forged hate

Lives trained to fear
Fevered visions forming inside
in darkness swarming on mankind
Burning embers fill the sky
Transforming those left alive
Earth below now bleeds
consuming fire glows beneath
engulfed atmospheric cage
a final act has now been staged

Surrender to visions of a hopeless future
prophecies foretell the end of time
Alliance of poisoning hate deployed
implications of a dream that died

Haunting images now known to be
Chaotic visions fill destiny
Nightmare becomes reality
Twisted forms of chemistry

[REPEAT 1]

From the wastelands of a mind gone mad

Foreboding dreams of a world to come

These visions become violence
