We fight in the air  
We fight in the sea  
We fight everywhere  
Anytime to be free

More tears will be shed  
More blood will be spilled  
Again enemies  
Clash in the battlefield

But we just want to live in peace  
Just try to hear our silent scream

The warriors fight  
With all their might  
Taking lives away  
Fathers die  
And children cry  
Now we pray:

No more wars  
that's what we beg to you,  
Oh Lord  
It's enough  
There's no more prayers that give us hope

Die, Ripped by my rage  
Feel it with blame  
We're soldiers of wretched fate  
Living to kill  
Killing for due  
We're convict to pay eternal doom

We're back from the fields  
Mate corpses we see  
Got scars on our faces  
This dirty war gift

Our country's destroyed  
Our best friends are gone  
No time left to cry  
The war still rages on

Can we believe in life indeed  
If we just see misery?

The warriors fight  
With all their might  
Taking lives away  
More fathers die  
And children cry  
Now we pray:
