Lonley burdened by the demon's curse  
I live in a hole I dug out first  
I can live another life genuinely fake  
Maybe another time maybe after I wake  
I can see the fire burning inside  
I feel the heat dictating lies  
Remember when I used to date you  
as God as my witness I hate you

And so here I am today  
You say im not the same  
But I havent changed my ways  
Dont believe what I say  
I will never change  
Nor will I display  
Courage in a case  
After I wake

After I wake

you remember what you said I did and nothing else  
You never gave me a chance to defend myself  
So much time went by in the hour glass lens  
No I do not still want us to be friends  
Today is not a brand new day, no not yet  
I hate you but you really seem to forget  
I do not think about you our time was rotten  
But I'll try anyway but you're easily forgotten

And so here I am today  
You say im not the same  
But I havent changed my ways  
Dont believe what I say  
I will never change  
Nor will I display  
Courage in a case  
After I wake

After I wake  
After I wake  
After I wake  
After I wake
