I think about you all the time
O my beloved what a great future
we have Together
Near, far, wherever you are

Days of our Lives
Forevermore Our Love
Together forever
You are near in my heart

The moments of our Love
has brought us closer
and closer together
In our life we'll always go on

Days of Our Lives
The power of God's Love
Is upon us His grace shines through us

Days of our Lives
I think about you all the time
All About Loving You
I'm so in love with you

Time is passing bye
As I look in your eyes
Our love is so real
Days of Our Lives
