Intro oh... no... no... no...
i'm still waiting...
ooo waiting here for you...

Chorus 1 don't leave me waiting baby
wondering what to do...
stop all the games your playin'...
so i can get over you...

Verse 1 you said... our love would last forever...
i thought... we'd always be together...
you told me right from the start...
that you would never break my heart...
i need to know if that's still true...
tell me you love me or tell me that we're through...

Chorus 2 but don't leave me waiting baby...
wondering what to do... (what to do...)
stop all the games your playin'...
so i can get over you...
(over you...)

Verse 2 i thought... that we would be together
you said... our love would last forever...
tell me that your love is real...
let me know just how you feel...
tell me what you want to do... (all you want to do...)
tell me you love me or tell me that we're through...

Chorus 3 but don't leave me waiting baby...
wondering what to do... (what do i do now)
stop all the games your playin'...
so i can get over you...
