Please come quickly, and relieve my of myself.
I need to see past that dark cloud, blocking my view
ahead.
Let go of my lungs, let me breathe, and see what's real
in front of me.
I'm tired of you, let me go, you don't belong inside my
head.

(GET OUT)

This is how I escape, and kick you out the door.
You never know what's hit you now.
This is how I escape, and leave you on your own.
Your teeth don't scare me at all
