Broken hearts drawn in my diary (diary)
Bleeding words feeling hurt endlessly
And in this book lies the pieces love has took from me
And all this rain nothing compared to all this pain in me

Diary diary here's my heart I don't wanna lose it again
Diary diary from the start all the way to the end
Diary diary here's my bit of privacy i'm gonna open up
to you
That's what I'm gonna do
That's what I'm gonna do so dear diary
So dear diary

Stuck inside the darkness can somebody stop this
silence uuh
Because silence hurts more than words do
In this book lies the pieces love has took from me
And all this rain nothing compared to all this pain in me

Diary diary here's my heart I don't wanna lose it again
Diary diary from the start all the way to the end
Diary diary here's my bit of privacy I'm gonna open up
to you
That's what I'm gonna do
That's what I'm gonna do
So dear diary

Hold my secrets, my fears, my desires, my tears
Hear my thoughts, touch these things
See my dreams, feel my pain
I'm broken (can you fix me up)
I'm falling (can you pick me up)
I'm hurting (deep inside of me)
I'm trusting you so dear diary yeah

Diary diary here's my heart I don't wanna lose it again
Diary diary from the start all the way to the end
Diary diary here's my bit of privacy i'm gonna open up
to you
That's what I'm gonna do
That's what I'm gonna do so dear diary
So dear diary
