Well here is my story that I tell to you
You may not believe me but I swear it's true
I escaped to Havana for a getaway
In a tiny club with a Cuban band on a Saturday

And that's when I saw her from across the room
Like something from a movie or a storybook
She had a short dress with curly hair and chocolate
skin
That's how it all began

I remember when she came into my life
And all at once upon a time
Love was in the air, just like an ocean breeze
And we were dancing to the sweetest melodies
I held her in my arms until she danced into the night
It happened all at once upon a time , once upon a time

Hifuera mijo tell me what happened next
The next day I was walking to the marketplace
I passed by the cathedral so I stopped to pray
I imagined this journey without my friend
And just like an angel she appeared again

But before I could ask her why she had gone
The Padre started yelling that, 'She's the one'
And suddenly the Policia were everywhere
With chaos in the air

I remember when she had to say goodbye
And all at once upon a time
I could not believe they said she was a thief
And I stood there as they drove her away from me
And what was I to do, now they've accused her of a
crime
It happened all at once upon a time

I remember when I couldn't sleep that night
And all at once upon a time
I had to find a way to bring her back to me
So I made a plan of how to set her free
And so tomorrow night, mi amore I will find

It happened all at once upon a time, once upon a time

So tell me, how did you get outta there?

Well

He disguised himself in sheets

I waited for the guards to fall asleep

Snuck into the tower, took the keys

And then I told the girl, stick close to me

He was in a sword fight 'till the death

Everyone that watched just held their breath

And then he ran

I ran

Jumped

I jumped

Climbed

Faster and faster and faster

Guards, stop him, don't let him slip away

Guards

I remember when she came back in my life

And all at once upon a time

We made our getaway to another time and place

We were riding while the tears rolled down her face

She knows I cannot stay so we'll say our goodbyes

tonight

It happened all at once upon a time

I remember when he came into my life

Love was in the air like an ocean breeze

Sweetest melodies

Until she danced into the night

It happened all at once upon a time, once upon a time
