As I think about the things you say you want a man to
be

Said you want a strong man with bi-natural capability
Wanna send your legs through mine, work your body
from behind

I'll take good care of you like a superman should

Oh, I wanna be your superlover man
The one to rescue you and take you by the hand
Oh, I wanna be your superlover man
Oh, I wanna be

You know that I'm the one to satisfy your every need
Everything you want or could imagine you can find it in
me

Up, up and away we go, hold tight, baby, don't let go
Come let me take you on a ride

So high, never come down
I'll put a smile upon your face, one that could never be
erased
Your eyes tell me you like what I say and what I do
To be that superman for you

Oh, I wanna be your superlover man
The one to rescue you and take you by the hand
Oh, I wanna be your superlover man
Oh, I wanna be

Oh, I wanna be your superlover man
The one to rescue you and take you by the hand
Oh, I wanna be your superlover man
Oh, I wanna be

Oh, I wanna be your superlover man
The one to rescue you and take you by the hand
Oh, I wanna be your superlover man
Oh, I wanna be

Oh, I wanna be your superlover man
The one to rescue you and take you by the hand
Oh, I wanna be your superlover man

Oh, I wanna be

Oh, I wanna be your superlover man
The one to rescue you and take you by the hand
Oh, I wanna be your superlover man
Oh, I wanna be
