

Montell Jordan "The Longest Night"

Visit "[The Longest Night](#)" on MotoLyrics.com

Two lonely hearts in search of love
Meet finally face to face
The happiness and joy I'd lost
I found in your embrace
A taste of heaven is in your kiss
I lie you down and then
I memorize what I'm feeling now
Don't want this night to end (It was the)

1 - Longest night of my life
We made love until the morning light
(It was the)
Longest night of my life
Why did we ever
Have to say goodnight
I never wanna say goodnight

[Spoken]
Yeah, I wish this night could go on forever
And if I can do anything to make that happen
I promise you
I'll do it

Oh, I'm lying awake and I'm dreaming about
The vows I'll make to you
Tomorrow our father, our family, our friends
Will hear us say "I do"
This moment in time dances all through my mind
Our sacred wedding day
I never knew eleven hours could seem
A million miles away (It was the)

2 - Longest night of my life
Praying tomorrow you'd be my wife (It was the)
Longest night of my life
Praying we'd never have to say goodbye
I never wanna say goodbye

[Spoken]
These are the first days of the rest of my life
Lets do our best
To raise a family

To love each other
To have and hold
In sickness and health
Till death do us part
Baby, we gotta work on this
We don't ever have to say goodbye
We'll just love each other

I never will forget the look
You had upon your face
No tears to cry, no long goodbyes
You want to leave this place
So now my nights are sleepless
No apologies to say
I'm trying to be strong
I'm trying to hold on
And face another day (After the)

Longest night of my life
Why did you ever say goodbye
I was in love with you
Did what you want me to do, oh
(It was the)
Longest night of my life
And the tears fall from my eyes
