1 - You're the right one
Right one I let get away
Ooh girl, now what can I say?
To get back into your happy days

You're the right one
Right one, what was wrong with me?
Missin' all that taddy
Promise me you'll save me some
Cuz baby

I haven't seen you in a while
By the looks of your profile
Say it's been a year or more
Since we both walked out the door
You wanted kids and so did I
You wanted a ring but I can't lie
I was young and runnin' wild
Seein' you has changed my mind
Cuz you're

Repeat 1

Everyday that you've been gone
I thinks about you and carries on
I know a man ain't supposed to cry
But times are changin' and so have I
I really really miss you from head to toe
Tired of reminiscin', I can't let go
It ain't good for me to be alone
You're the right one, so c'mon, c'mon, ohh

Repeat 1

I'm just sittin' here, thinkin' about
All our really good times
The love that we shared together
And the sparkle that was in your eyes
I don't wanna lose you
No, not for the second time
So I'm ready to step on in

Cuz you were so right

Repeat 1 to fade
