[First Verse]

The journey starts, I'm back again  
Climbing through this mess I'm in  
While willow trees they shift beneath  
The outcome of my unbelief

I stop again take a breath  
I think of all my past, my past regret  
A smile breaks and finds her place  
In this valley I see Your Grace.

[Chorus]

Sweet, Sweet Love  
You're my sweet, sweet love  
Sweet, sweet love  
You're my sweet, sweet love.

[Bridge]

Like honey comb that's on my lips  
I taste a Love that Heaven sent  
A love that's pure, a love that's free  
The only Love I really need.

[Chorus]

Sweet, sweet love  
You're my sweet, sweet love  
Sweet, sweet love  
You're my sweet, sweet love.

Ooo, yeah yeah.

[Chorus]

Sweet, sweet love  
You're my sweet, sweet love. Oh yeah.  
Sweet, sweet love  
You're my sweet, sweet love.  
You're my sweet love, oh, my sweet love, yeah
