We all need by Esterlyn  
Unbelief, it buries all the  
laughter of our dreams  
Underneath, the fragrance of our heart's deceit  
You and I, we hide behind the corner of our minds

Chorus:

And we all need faith, the faith to love all that You are  
And we all need love, when there's no hope beyond the  
door  
And we all need hope, the hope to live for something  
more  
Oh...

Silhouette, reflects a vacancy of our intent  
We forget, the voice that makes our heart content  
You and I, seeking out our place in time,  
In time,  
The cure of life is redefined

Chorus:

And we all need faith, the faith to love all that You are  
  
We all need love, when there's no hope beyond the  
door  
We all need hope, the hope to live for something more  
Oh...

I see the fear that's in your eyes  
Feel the pain you try to hide,  
It's alright, it's alright  
I can see you on your knees  
Don't give up 'cuz it will be  
Alright, Alright  
And you'll be alright, you'll be alright  
Alright, Alright

And we all need faith the faith to love all that You are  
We all need love, when there's no hope beyond the  
door  
And we all need hope, the hope to live for something  
more

Oh...
