I was sitting in my room
to stay a bit alone
when I heard the earth
was quaking and more
How many people were a prey to despair
they will die
Excuse me please, what people have done
that wasn't right ?
Tell me why or explain to me
who had the idea to raze to the ground
every kind of life, but It's the evil
that calls, but It's the evil that
laughs and says: Someone lives
Someone dies
We've committed crimes, disgraces and
every kind of sins
we've fallen a prey to the enemy
Did we realise that we were making
mistakes?
No, we've only done as we like
but now it's charging us
Tell me why or explain to me
who had the idea to raze to the ground
every kind of life, but It's the evil
that calls, but It's the evil that
laughs and says: Someone lives
Someone dies
