"Sacraments Deception"

Is God good or is It nothing else
I believe in his power, but I don't
think about his messengers
men in black with spiritual powers
they want to help you but they're
unconscious about real life and feelings
Please, understand me
I'm not evil, only a simple man
Don't judge me with your eyes
'cause your Spirit is like my mind
Many religions and many morals
but what about real feelings?
Love, hate or oppression
human beings are also all of these
sorry if I'm not perfect
Please, understand me
I'm not evil, only a simple man
Don't judge me with your eyes
'cause your Spirit is like my mind
Terror and inquisition were church's
work in middle ages
hundreds of crusaders were devastated
after their services of war
