Chorus

I know I'm outta my mind
I've lost my mind
I'm just ahead of my time (repeats)

Raping in first was hell without vodka
I pop up in spots they spit do clock work
I'm dilating fuck off I ain't doing it
They let the man drop
They thought I might have ruined it
Illusive I just denied rumors
Smile and get .. with dry humor
See what the future brings
I got an MTV
Time is a up
That's the message I'm sending them
Sign with .. and survive beef with Eminem
They mentioned different events in my sentences
It's dangerous to reminisce so remember it
I'm still . check one two one two
Last punches and spit what I've been through
The same here got .. but kept raping
The same here got sewed ..

Chorus

Nigger I know from where I come from
And I know with whom I started with
But trying to split the check with 8 that's the hard of shit
I ain't starting shit
I had to get my own
So I ain't starting to get that bulshit
Like you wan like you love â€¦,
More than I do
Hear it I got to make the change
I got .. by you
I wish I would give a fuck
I was broke in the hood
On the porch of some church
The first .. records
And make the word respect it

.. that's how we do it
What you do in there
You .. as snow
.. you're in love with the blow
.. I was talking about you
