Hello Earl Wayne.
Thanks for turning me on,
Turning me on.

I like that body,
let's see how you move it.
I got the feeling,
That you want me to groove it.
So come on now baby,
Let's get right to it.
Cause whatever you need,
I'm sure I can do it.

If you can't breath,
Wave your hands around.
If you can't breath,
Wa-wave your hands wave your hands.
If you can't breath,
Wave your hands around.
If you can't breath,
Wa-wave your hands wave your hands.

Sexy.

Turning me on.

Wa-wave your hands wave your hands.

Wa-wave your hands wave your hands.

I like that body,
let's see how you move it.
I got the feeling,
That you want me to groove it.
So come on now baby,
Let's get right to it.
Cause whatever you need,
I'm sure I can do it, yeah

If you can't breath,
Wave your hands around.
If you can't breath,

Wa-wave your hands wave your hands.
If you can't breath,
Wave your hands around.
If you can't breath,
Wa-wave your hands wave your hands.

Turning me on.

Turning me on.

Turning me on.

Sexy.

I like that body,
let's see how you move it.
I got the feeling,
That you want me to groove it.
So come on now baby,
Let's get right to it.
Cause whatever you need,
I'm sure I can do it, oh yeah.

If you can't breath,
Wave your hands around.
If you can't breath,
Wa-wave your hands wave your hands.
If you can't breath,
Wave your hands around.
If you can't breath,
Wa-wave your hands wave your hands.

Like that Body.
