The night is young and the moon is full  
And if you're looking for a thrill  
There's a party going on at  
The house on top of the hill  
You know that a band will be playing  
And they're gonna give you a scare  
You're invited, but i'm telling you  
That you better all beware

Because they

You what i say, before i'm through, you'll be doing the  
Zombie too" and then you could hear him say...  
And he said

*[Chorus]*

Then the band they started to play  
And everyone was in a trance  
Every boy and every girl were  
Doin' the zombie dance  
The room was shakin' and the walls were breakin'  
Tehy were dancing in a daze  
They scream and yell, now they're under the spell  
Of the hypnotizing craze  
Because they

*[Chorus]*
